

## EW-1020

### Automatic Cable Shielding Brushing Machine

---

## Features

---

They are ideal solution for combing the shield net. Suitable for various kinds of shielded cable (wound, braided). After stripping cable jacket, put the braided cable on the machine track, it will automatic rotating brush to separate and comb the shield net.

1. Brush wheel spacing can be adjusted for different diameters cable
2. The track brush wheel spacing is easy to change
3. Controllable speed, stable performance, replacement and speed up the wire splitting and carding
4. Designed with a safety cover to protect the operator

## Technical data

---

Model	EW-1020
Wire diameter	1 - 30 mm
Combing length	5 - 200 mm
Production rate	0 - 1800 rev/min (adjustable)
Power	300 W * 2
Weight	46 kg
Dimension	460 * 480 * 320 mm
