

EW-801

Full Automatic Terminal Machine Press Machine (Double head)

Features

This is a fully automatic 2-ends wire cutting stripping and crimping machine for AWG28~AWG12. The highly flexible and electronically controlled benchtop unit accepts most universal or mini-style applicators for crimping both side-feed and rear-feed open barrel terminals. You can also save your settings in a program file number, so that you can call it out easily next time.

Technical data

Model	EW-801
Applicable wire range	AWG28-AWG12
Stripping length	0-10mm
Cut precision	$\pm(0.5+0.002*L)$ mm, L=cut length
Cutting length	45-9999mm
Capacity	3000-4500pcs/hour
Crimping force	2.0T
Applicators	30mm stroke
Air pressure	0.4-0.6Mpa
Detection	Wire run out, low air pressure, terminate error (Crimping force monitor is for optional)
Power	220V/110V/50/60HZ
Display language	Chinese/English
Dimension	700*800*1500mm
Weight	358Kg
Power cord plug	European, USA, Chinese plug
