

## EW-06S

### Coaxial Cable Stripping Machine 3-25mm

---

## Features

---

1. Mainly used for processing multi-layer stripping of small/middle/large size communication cables.
2. Touch screen interface, stripping depth/speed/distance and rotating time can be digital input.
3. Using the most advanced rotary cutter frame, improve the processing accuracy and speed.
4. Adopted with specific axis positioning device and rotary cutting tool, stripping 9 layers at most, and it can process different size of wires without changing cutters.
5. Wire clamping device: automatic centralizing, motor driving and clamping force is controlled by program.

## Technical data

---

Model	EW-06S
Wire diameter	3.0-25mm
Diameter Increments	0.01mm
Capacity	300-800pcs/h(depends on wire material)
Max. stripping length	150mm
Max. stripping layer	9 layers
Dimension	920*220*400mm
Weight	45KGS
Power supply	220V/110V/50HZ/60HZ 630W
