

## EW-6115 Semi-automatic cable welding machine

---

### Features

---

- The machine has automatic detection function:the wrong wire is not welded, and the welding result is automatically compared and judged.

### Technical data

---

Model	EW-6115
Welding range	10-100mm <sup>2</sup>
Welding power	9500W
Power Supply	380V/20KHZ
Air Connection	0.25-1 Mpa
overall dimensions of the working module	820*430*380mm
Weight	200KG
