

EW-3130

Rotary cutter wire cutting and stripping machine

Technical data

Model	EW-3130
Stripping range	6-120 mm ²
Wire diameter	6-22 mm
Stripping Length	1-260mm(wire head), 1-120mm(wire end)
Cutting length	240-100000mm
Capacity	400-700 pcs/h (it depends on the length of the wire)
Power	220V, 50HZ / 4KW
Weight	560kg
Precision	≤0.2%mm
Dimension	1300 X 860 X 1550mm
Stripping method	Rotary blades + stripping blades + cutting blades
Stripping layer	6 layers
Stored programs	0-99 kinds of processing data
Tool materials	Imported high speed steel
Press wheel setting	Motor drive, digital control of crimping force
Drive	8 wheels independently servo driven
Coiling machine	960 X 1116 X 1110 mm
