

EW-7750 Automatic Folding and Labeling Machine

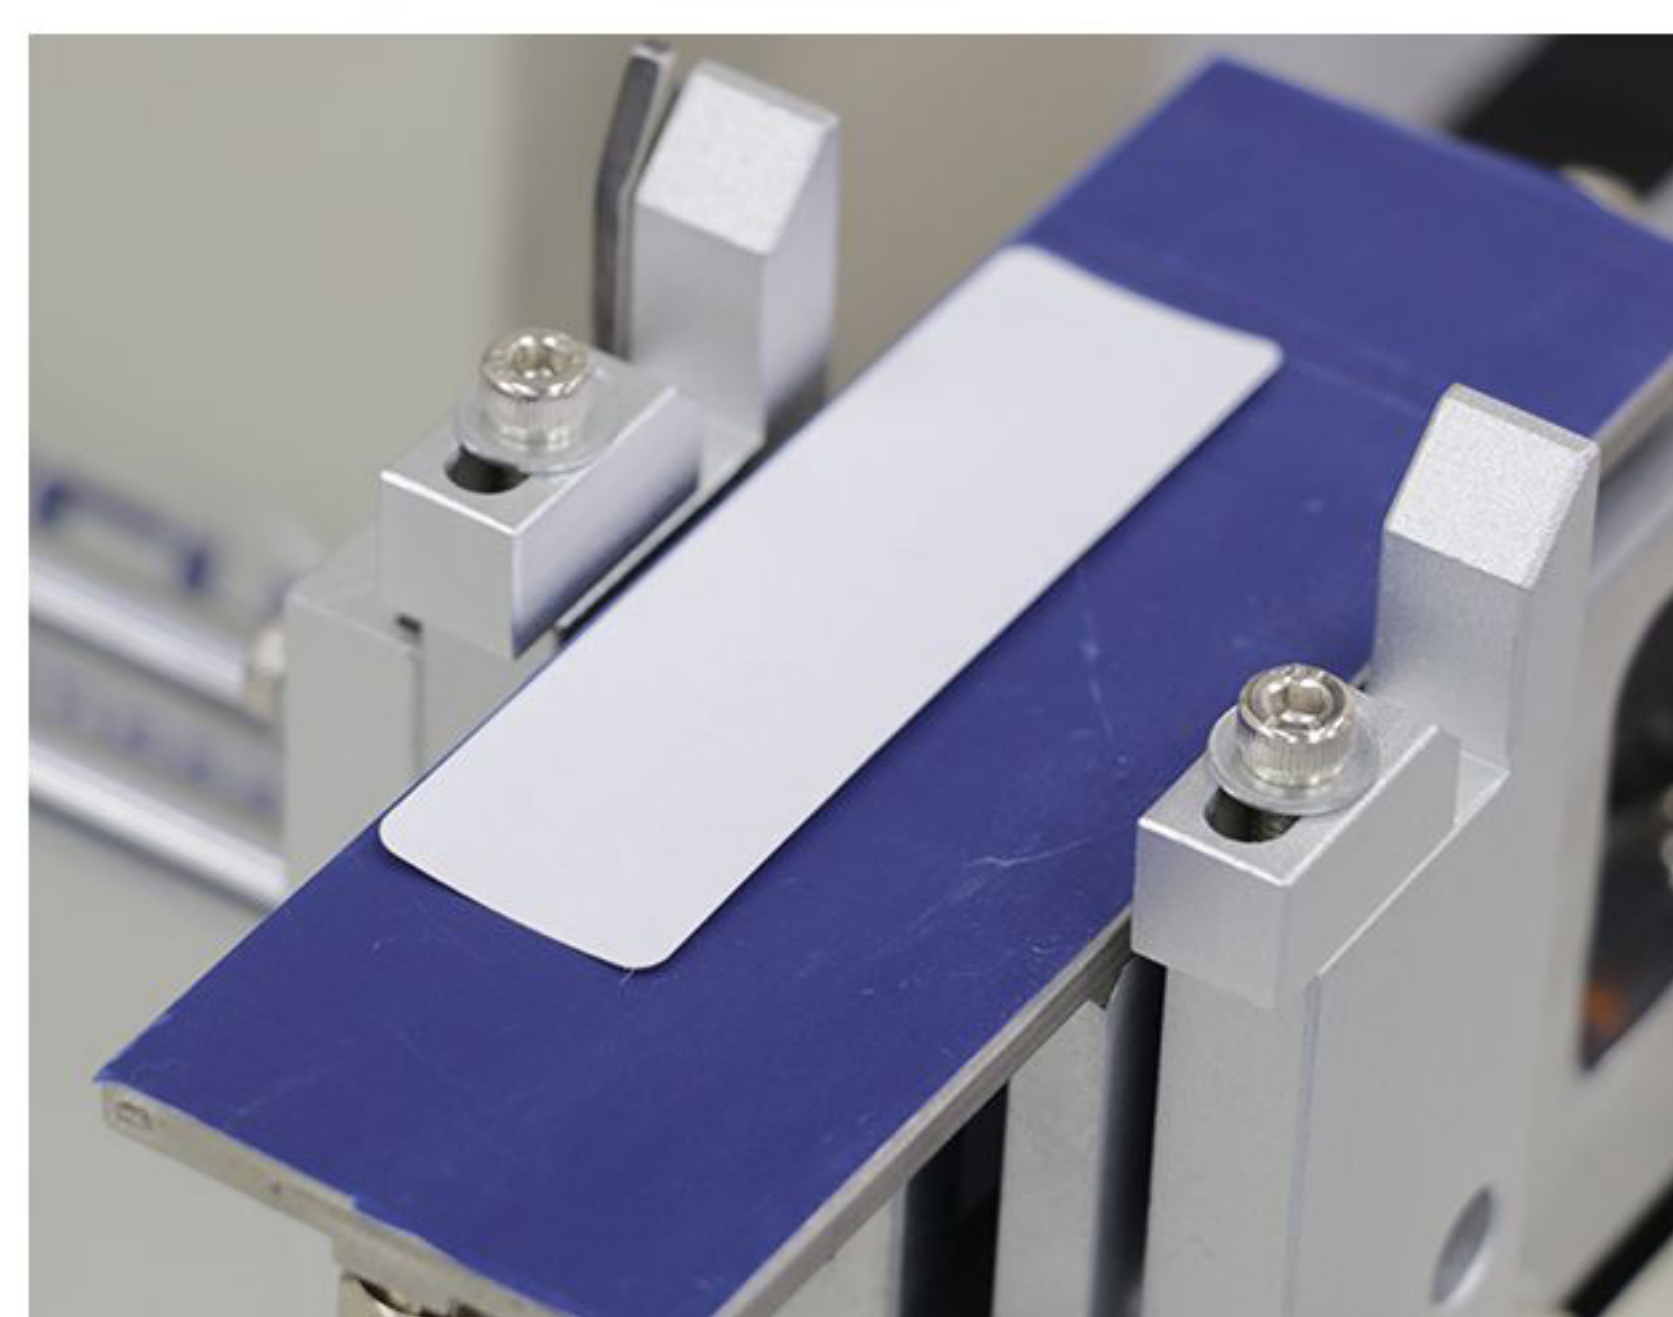

Features

English Touch display

Colour touch screen operation interface, parameter setting is intuitive and easy to understand

Label fixture

Applicable label size is Width 10-56 mm, length 40-160mm, Also can Customized fixture via customer's label

High-quality sensors

High-quality sensors for precise positioning

Glassine Paper label

Applicable label is self-adhesive labels, self-adhesive films, electronic supervision codes, barcodes, etc

Technical data

Model	EW-7750
Applicable Label Length	40 mm–180 mm
Applicable Label Width	5 mm–45 mm
Standard Positioning	200 mm
Max Label Roll OD.	240 mm
Max Label Roll ID.	76 mm
Labeling Speed	1500–1800 pcs/h
Labeling Accuracy	±0.2 mm
Applicable Products	Suitable for various round wires, flat wires, and water pipes
Optional Printing Function	Supports real-time printing, online printing, one-by-one labeling and printing integration
Relative Humidity	20%–90% RH (non-condensing)
Operating Temperature	5°C–40°C
Air Pressure	4–6 bar
Power Supply	220V /110V
Foot Pedal	YES
Weight	86 kg
Dimension	580 mm × 680 mm × 1000 mm (L × W × H)
