

EW-50A-2

Wire stripping and crimping machine

For horizontal terminal

For vertical terminal

Weight: 80 Kg

Features

1. EW-50A is specifically designed for the application of wire stripping and crimping, the stripping function can be turned off by operator if it is not necessary.
2. The pneumatic components from famous brand ensure the efficiency and stability during the stripping process.
3. User-friendly and simple control panel.

Technical data

Model	EW-50A-2
Applicable wire diameter	32 -13 AWG
Stripping length	1 - 10 mm (0.040 - 0.393 inch)
Length accuracy	0.002 * L (mm)
Stroke	30 mm
Crimping force	2 T
Opening height	215 mm (8.464 inches)
Compressed air connection	0.3 - 0.4 MPa
