

EW-5010A+ Bulk ferrules strip and crimp machine

Technical data

Model	EW-5010A+
Control Mode	human-machine interface, electronic control, pneumatic control
Wire Size	0.3-16mm ² (<0.5mm ² , need samples customize and test)
Tube Size	Insulator length <11mm ,conductor length<20mm
Stripping Length	6-30mm
Production Capacity	3.2s /wire
Air Supply	0.5-0.6Mpa
Power Source	AC220V/110V/50/60HZ
Weight	65KG
Dimensions	W360mm×L530mm×H430mm

Features

1. The product is small in size and easy to operate, and can be placed in the final assembly site .
2. A variety of terminals share one machine, saving cost and sharing
3. Fully sealed and peeled and crimped for safe operation .
4. Multiple processes are combined to save labor and reduce product processing costs.

Vibratory Feeding System

Fast changing tooling for different sizes of ferrules.

Four Square Crimping Molds

Flexible crimping for different sizes of ferrules without changing molds.

Complete Sets of Tooling Box

Die sets for 0.5mm²/0.75mm²/1.0mm²/
1.5mm²/2.5mm²/4.0mm² ferrules.

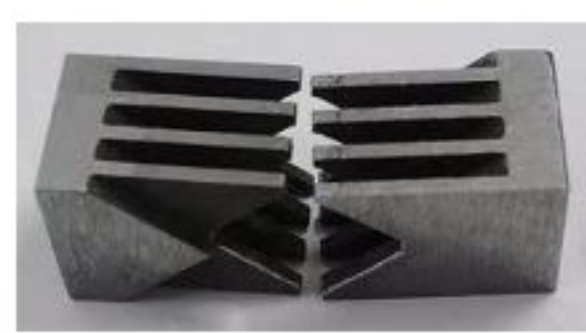

Can customize to 0.25mm²

Consumables(optional with extra cost)

E-0456
Stripping Knife
\$20/set

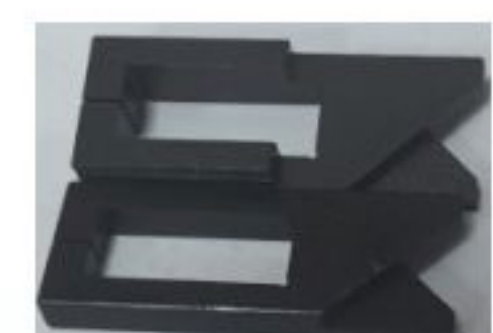

E-0457
Wire Clamp
\$30/set

E-1346
Pay-off Guide Block
\$20/pc

E-0600
2.5 Copper Core Guide
\$40/pc

E-1349
Twist Clamp
\$30/set

E-0601
2.5 Square Terminal Guide
\$10/pc

E-5003
Terminal Blank Board
\$10/pc

E-1344
Terminal Blanking Pipe
\$10/pc

E-1345
Four Side Pressing Block
\$20/pc
