

EW-19J Tube heating machine

Feature

- When the temperature is less than or beyond, feed reversal, transmission failure, stop running, alarm and protection, long time standby to stop heating

Technical data

Model	EW-19J
Overall machine size	360*245*410MM
Heating size	30mm ² max
Material	Double insulation
Heat energy	1600W
Temperature Control Method	Intelligent temperature adjustment
Service life of heated wire	100000h
