

EW-14G Wire feeding machine

Features

- 1.EW-14G is designed for the wire feeding application with maximum 3 m/s feeding speed.
- 2.Automatic intelligent speed change in accordance to requirements.
- 3.Equipped with 4 wheels for the flexibility

Technical data

Model	EW-14G
Wire/cable outer diameter	0.2 - 12 mm
Inner diameter of spool	< 30 mm (1.181 inches)
Outer diameter of spool	<500 mm (19.685 inches)
Width of spool	<280 mm (11.023 inches)
Maximum load-bearing	50 kg (110.23 lb)
Power supply	110,220 V(50 - 60 Hz)
Power	750 W
