

EW-6030

Ultrasonic wire harness welding machine

Technical data

| | |
|------------------------------------|-----------------------|
| Model | EW-6030 |
| Control method | Single-chip computer |
| Maximum output power | 3000W |
| Operating frequency | 20HZ |
| Welding time range | 0.5S-2S |
| Welding area range | 0.5-10mm ² |
| Operating humidity | 0-40° |
| Working Air Pressure | 0.2-0.8MPa |
| Environmental temperature | 20-70° |
| External dimensions of the bracket | 46x15x14cm |
| Dimensions of electrical box | 48x14x38cm |
| Weight | 40KG |
