

EW-8230

Automatic Double SideWire Crimping Machine

Technical data

| | |
|----------------------------|---|
| Model | EW-8235 |
| Applicable wire range | 0.22-6mm ² |
| Cutting length | 80-20000mm |
| Stripping length | 0.1-15.5mm |
| Crimping force | 2.5T |
| Crimping Stroke | 30mm or 40mm stroke both available |
| Wire collection | 2m(Can be customized) |
| Feeding speed | Max. 12.0m/s |
| Productivity | 4500~ 5000 pcs/hour (depend on wire cutting length) |
| Air pressure | 0.5-0.7Mpa |
| Stripping/Cutting accuracy | ±(0.002mm*Stripping Length/Cutting length) |
| Detection function | Non-wire, crimp detect, pressure(to be installed with press sensor) |
| Power supply | 220V/110V/50HZ/60HZ |
| CFM | Optional |
| Weight | 1100Kg 1800W |
| Dimension | 3500*1200*1700mm |
